School Merger Alive Despite Conflict

The trustees of the Placentia Unified School District failed to kill a possible merger with the Yorba Linda Elementary School District Monday night and in fact gave the annexation another chance to survive, dependent on action being taken at a simultaneous Yorba Linda board meeting.

The PUSD board was unanimous however, in rejecting provisions offered by the Fullerton Union High School District, the third entity in the triangle merger.

Fullerton, which serves as Yorba Linda's high school educational unit had included provisions in a letter to Yorba Linda considered by PUSD trustees as economically prohibitive.

The PUSD dialogue polarized around PUSD vice president John Balducci, who has been a staunch supporter of the merger, including the probable necessity for special legislation in Sacramento to work out the monetary problems.

PUSD Board clerk, Jean Pappas took an opposite view. "Concerning the report from Fullerton," Mrs. Pappas began. "We cannot meet their requirements. I hesitate to support the annexation. I think every district in the state of California in the next couple of years is going to be in a state of financial crisis, including our own, and that's the time we may have to go to our voters.

"The Yorba Linda school district lost their election by more votes than they did in the election prior to this and I really wonder what the benefit would be to our district to have this annexation come to pass."

Trustees during the hour of dialogue, talked on both sides of the equation with Balducci and Dr. William Yates making most of the motions and secondings. At one time Yates had a motion on the floor which rejected Fullerton's conditions but suggested that the three boards "proceed on joint terms that may require special legislative action and terms should deal with transfer of property, phasing in of students, setting of priorities of staff acquisition on some priority basis."

This was immediately seconded by Balducci. Then Mrs. Pappas asked Yates to break it into two motions (not accomplished) and board president John Press asked that it be amended to include "only if board action taking place in Yorba Linda this evening indicates some very positive action of their part." Yates agreed.

That motion, with everyone contributing something to it except trustee Sal Zavala, was then scrapped and never voted upon. Instead Balducci suggested a new motion: "Take the terms that the superintendent (PUSD superintendent John Tynes) has laid down and put them in a positive vein and say, here are the things that we want. Send it to Yorba Linda and a copy to Fullerton and suggest that at their convenience we would be happy to meet with them and discuss these terms."

The motion passed four to one with Mrs. Pappas dissenting.

Superintendent Tynes at a previous meeting, had presented a rather pessimistic view of the merger because of the financial problems involved. Fullerton's cost of educating high school students is above PUSD's; the Fullerton district is already in financial trouble; if Yorba Linda youngsters are pulled out of Troy High School in Fullerton, which they now attend it would create problems at that school in a district which already is experiencing diminishing attendance and teachers no longer needed would have to be considered on some basis.

Mrs. Pappas: "Fullerton offers a fine educational program. The whole point of this particular annexation is community identity. They (Fullerton), are experiencing declining enrollment and this procedure takes away 1,100 kids that we have to fill into our current schools. It will probably force us earlier than we had anticipated to build another school. It seems to me we are defeating the purpose of using current buildings to maximum usage."

President Press: "It might make it difficult to get any kind of special legislative relief to accommodate

SERVING THE COMMUNITY FOR MORE THAN 60 YEARS

Volume 65—Number 44 Placentia, California— Wednesday, May 26, 1976 10¢ Per Copy

Minister's, Former Councilman's Sons Charged By Police

A complaint of armed robbery was filed Monday by the Placentia Police Department with the Orange County District Attorney for two Placentia young men, one a minister's son and the other the son of a former city councilman.

Joseph Andrew Merold, 21, of 1802 Sierra Bonita, Placentia, is listed in stable condition in the jail ward at the Orange County Medical Center in Orange. Suspect Merold was wounded by Placentia Police Officer Tom Correll who fired one shot at Merold as he was fleeing an order to halt.

Merold is the son of Rev. Ben Merold, the senior minister of a Fullerton church. The family lives in Placentia.

The second youth is Bradley Jay Wilcox, 20, of 2044 Loreto Place, Placentia, the son of former city councilman and well known architect, Lee Wilcox. According to statements by Placentia Police Officers, young Wilcox was apprehended in a vehicle nearby to where an alleged holdup was taking place at "California Donuts" at 3320 East Imperial Highway in Brea, close at midnight Wednesday.

According to Placentia police reports, investigators from the department were working at a special surveillance detail in the vicinity of the doughnut shop.

"At that time, an armed robbery was observed in progress. The officers reacted and ordered the armed suspect to halt as he fled on foot. The suspect (Merold) was wounded in the legs as he continued to flee and was taken into custody."

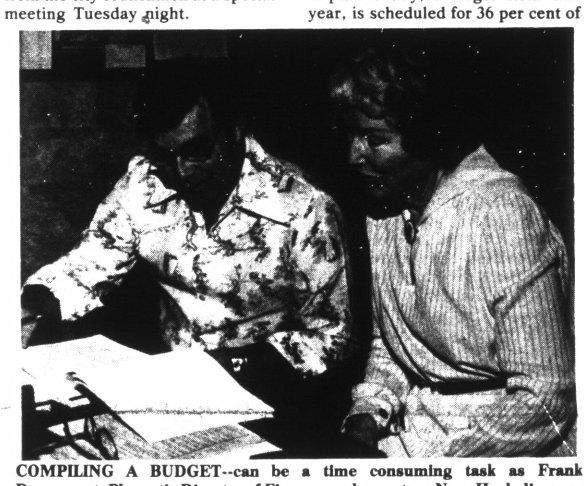
Wilcox was taken into custody in a nearby vehicle and offered no resistance. He is now at liberty on a $2,500 bond.

The bond asked for Merold is $15,000, police report. Police state that the amount of money involved in the alleged holdup to be $37 and that a gun was pointed at a young girl clerk in the doughnut shop who put the money in a paper sack.

Over $6 Million City Budget Goes To Council

An anticipated $6,612,999 preliminary budget for the city of Placentia fiscal year 1967-1977 was expected to receive its first perusal from the city councilmen at a special meeting Tuesday night.

Almost 40 per cent of the income over $2.5 million, is expected to be paid out in salaries and benefits for an estimated figure of $2,512,122. Capital outlay, a larger item this year, is scheduled for 36 per cent of the budget or $2,306,331 and materials, supplies and services comprise another 25 per cent for a dollar figure of $1,654,941.



COMPILING A BUDGET--can be a time consuming task as Frank Dunnavant, Placentia Director of Finance and secretary Nora Hoch discover each year. This fiscal year's 1976-77 city preliminary budget expects to have revenues of $6,612,999 an increase over last year's.

In a 110-page booklet prepared by Frank Dunnavant, the city's Director of Finance and staff, the preliminary budget is produced in a new form this year, similar to the format of the final budget.

In estimates by Dunnavant, about 30 per cent of the city's revenues will be spent for public safety with the police department claiming 20 per cent at $1,278,862, vying with the city's recreation and maintenance budget, another 20 per cent of a $1,303,653 dollar figure. The other 10 per cent of the public safety category is for fire service, currently farmed out to Orange County and costing roughly $642,753 annually.

In other expenditures by division, categories falling under administration, which includes finance and community development, will account for 14 per cent of the money for $894,192. Public works construction tallies 27 per cent or $1,731,219, including street, storm drain and sewer construction. Bond redemption and related items add up to 9 per cent or $622,715.

The 20 per cent recreation and maintenance budget covers administration, park maintenance, property, vehicle and general maintenance, park development and recreation.

In a budget prologue, salaries show about a 10 per cent drop from the last fiscal year but this excludes the 32 fire service employees of the county with a price tag of $640,453.

Also salary negotiations are scheduled for this year and at one place in the budget a rough figure of $125,000 is included to indicate a possible increase.

YLSD Clarifies Annexation Position

A possible break in the impasse which has been plaguing the Yorba Linda, Placentia Unified and Fullerton Union High School districts may have occurred last week when the Board of Trustees of the latter district enumerated its conditions on the subjects.

FUHSD trustees issued a proposal which would allow Yorba Linda students to be transported out of the district and set the stage for the Yorba Linda Elementary District to annex to the PUSD.

The conditions for withdrawing YL students, most of whom attend Troy High in the FUHSD, were prefaced with a position statement in which the board indicated its strong concern with the effect of the action, should it ever take place.

That effect is covered in the terms of the conditions whereby FUHSD would realize some benefits.

Both the Yorba Linda and Placentia Districts reacted to the Fullerton proposal at meetings last Monday night. This article deals with the YL District discussion while an accompanying story details the PUSD action.

YLSD Board President Paul Armstrong, Trustee Gerald Rost and Deputy Superintendent J. Elton Patridge will, in Rost's words, "wrestle out a 'middle of the road' position paper."

This stance was adopted by the board as it reacted to the Fullerton proposals. It also was the tactic agreed upon without having knowledge of the PUSD position.

Armstrong admitted to having "second thoughts" about a letter he had addressed to the Placentia board, saying that he "realized it did not do justice to the subject matter."

That letter had left the PUSD board with the impression that the YL trustees were somewhat less than united on what the district

Fireworks Show Free This Year

A free Fourth of July fireworks show, for residents of Placentia, was approved last week by members of the Placentia City Council.

Placentians attending, however, must identify themselves and secure tickets in advance to avoid an overflow crowd from other cities.

Councilman Jack Gomez was opposed to the $2,100 sought from council for the free fireworks but other council members voted in favor of it.

As outlined by Richard Samp, Director of Recreation and Maintenances Services Department, the day's celebration will open with a 50-States Picnic at Kraemer Park including free entertainment.

At 6 p.m. the activities will transfer to Bradford Stadium where various organizations will have food and game booths. There also will be such events as three-legged races, egg tosses and sack races and other entertainment will be provided.

The fireworks show is scheduled to begin at 8:45 p.m.

Councilman made it clear that the money for the fireworks was for this year only because it is the Bicentennial celebration and will not be available in future years.

The celebration will be on the Fourth of July which falls on Sunday.

Former Annex Sells

A city-owned building, recently sought by the Placentia Chamber of Commerce as its headquarters, is now in the process of selling for use as a Boutique Plumbing Shop, a plumbing service repair.

The Spanish styled structure is located at 125 South Bradford Avenue and at one time housed the city's planning department. It has been on the open market for over a year and a half with a price tag of $36,500.

Purchasers of the property are David and Marion Araujo. The realtor representing the buyers is Herbert Hawkins with Mrs. Bonnie Scarpa in charge of the arrangements.

The Placentia City Council Wednesday night at a special adjourned meeting for a council-commissions workshop, voted unanimously to accept the offer, however, changing the interest from 8½ per cent to 10 per cent and the length of payments from 30 years to 20 years. The Araujos are making a downpayment of $7,300.

Provisions in the sale included that the city provide the inspection report required by city ordinance; the city carry the first trust deed of $29,200 and that the city remove a large tree that is damaging the roof of the building.

The purchasers will repair the roof and will chain link fence the back parking area behind the building.

The city also is to guarantee that the air conditioning, furnace, and water heater will be in working order. No mention was made of any parking accommodations.

The building sold was declared surplus after the completion of the new City Hall Complex at Chapman Avenue and Kraemer Boulevard. Also on the market is the former City Hall at 120 South Bradford with a selling price recommended, including commission, of $117,800.

Parts of the structure are currently being used by the city's Social Services Department.

City Is Filling Industrial Land

Harold J. Burns, chairman of the Placentia Commercial and Industrial Commission and vice president of Dew Container in Placentia, believes that the city of Placentia is earning a new image with builders in the area.

Speaking at a joint city council-commissions members meeting Wednesday night, Bruns pointed out that the city has added 1.4 million square feet of industrial space in the last 3 years.

"We have gone from 460 employees to over 4,000 in that period of time", he added. The largest employer is the Hartwell Corporation with 275 employees and two other new local companies employ over 100 persons each.

Last year we were second in the county in industrial growth and fourth in commercial growth".

Bruns said that the city still has 310 acres left to develop that is marked for industrial use.

Bradford House Aid

An additional offer for assistance in saving and restoring the Bradford House was received by the Placentia City Council at its Tuesday night meeting, but no action was taken because of previous offers.

Dr. John W. Casey, president of Fullerton College wrote: "If there is any way in which Fullerton College can assist in the restoration of Bradford House, please get in touch with us. There is a possibility that we could assign a class to this project."

Action on the item was delayed to receive further input from Norman Kamin, husband of Irene Bradford Kamin, regarding a previous offer from the California State University at Fullerton to restore and furnish the home for use of visiting dignitaries to the university.

City Administrator, Edwin Powell said also it was his understanding that the house would be available for tours of school children.

Suggestion by Councilman Donald Holt, who actively worked for the preservation of the home, that an ad hoc citizens commissions be named to investigate every possible use for the house, supported verbally by Mayor Pro Tem William Rashford, was not acted upon until more information is received from the university proposal.

Citizens of Placentia voted by a 220 vote not to use taxpayer money to maintain the home, which, with grounds around it, was a gift to the citizens of Placentia. It is located on Palm Drive between Bradford Avenue and Kraemer Boulevard.

There was no proposition on the ballot "to remove it" as referred to in the council dialogue.

Summer School Registration

Registration for summer school in the Placentia Unified School District is underway.

Parents who plan to enroll their children in junior or senior high schools during the June 14-July 23 session should complete and return registration forms immediately, according to Dr. Marvin Stewart, acting assistant superintendent of instructional services.

Elementary schools will offer summer classes from 8:30 a.m. to 12:30 p.m. June 21-July 23. Each school is handling registration procedures.

During the summer, the entire school district is considered as a single attendance area, so students may attend any school which is most convenient or which offers the desired courses, Stewart added. Bus transportation will not be provided.

In addition, students who do not reside in the Placentia Unified School District may attend summer classes in district schools.

Students should register for the grades they will be in when school starts in September.

Information about summer school may be obtained from each school.

Hawks Move To Semifinals

The Golden Hawks baseball wonders have pitched and hit their way to the semifinals of the CIF playoffs, by upsetting Channel Islands last Friday with a score of 4 to 3.

The next round will be played today, Wednesday at 4 p.m. at Quigley Field in Commerce against adversary Bell Gardens.

The Hawks have toppled Bonita 1-0 and Bosco Tech, 7-6.

Juniors Stage Big Carnival

A three-day carnival, Friday, Saturday and Sunday, will be held at 1941 North Placentia Avenue, across the street from K-Mart in Fullerton, under the sponsorship of the Placentia Junior Round Table.

The carnival will feature 11 rides, including kiddie rides, game and food booths and hot dogs, cotton candy and soft drinks.

The attractions will be open from 10 a.m. to 11 p.m. Friday, May 28 and 10 a.m. to 10 p.m. on Saturday and Sunday.

Persons or organizations wishing to rent a booth can obtain further information by contacting Susan Weber, ways and means chairman of the Placentia Junior Round Table at 993-5103. Booths are available for rental at a cost of $35 for the entire event, the organization states.

The local group will use proceeds for their many civic activities.

Wagner Park Construction

The first phase of the development of Wagner Park, owned by the city and located north of Wagner Elementary School, is expected to begin on June 1 with completion date set for August 13.

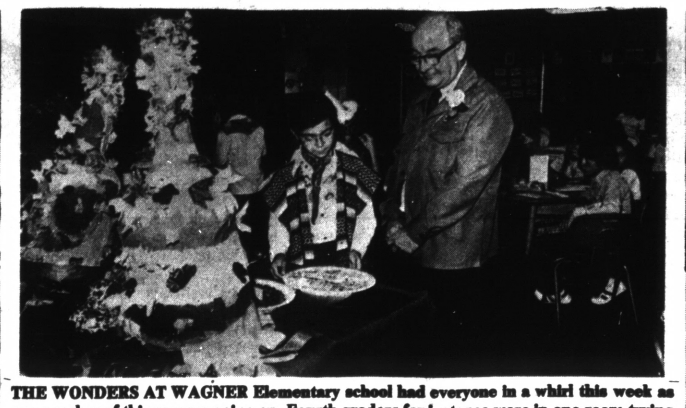
The park, which has brought active citizen participation and complaint when the land was not immediately developed, will be a joint effort of the city of Placentia and the Placentia Unified School District, which is contributing $16,000 to the project.

The bid for the work, accepted by the city council is for $63,435 to A. Art Braeger. The total expenditure will be $68,068.16 Richard Samp, Director of Placentia Recreation and Maintenance Services outlined, to cover some basic work already completed on the grounds.

Hilderbrand El Dorado Editor

Brian Hilderbrand, El Dorado junior, who has been a staff sports writer for The Placentia Courier for the past two years, has been named Editor-In-Chief of "El Gavilan", El Dorado's campus newspaper for next year.

Hilderbrand has served as sports editor and sports information editor for the paper during the present school year. He is 16 years of age.



THE WONDERS AT WAGNER Elementary school had everyone in a whirl this week as any number of things were going on. Fourth graders for instance were in one room trying Japanese delicacies like cucumber salad, sukiyaki, tea, rice paper candy and cooked octopus and rice...with chop sticks of course. [Richard Reed in picture on the left is ready to dig in.] On another part of the campus a Mexican Fiesta was in progress and that included a completely different array of tasty morsels. In the picture above sixth grade student Tim Rhoades encourages Superintendent of Schools of the Placentia Unified School District, John Tynes to help himself. On the menu were rice soup, chicken mole, tamales, enchiladas, cactus and chorizo and flan. And as if that weren't enough, the next event will of course be Bicentennial...an American Colonial luncheon. Young colonists in the picture

on the right are Tricia Pederson, Julie Moreau, Alise Pederson and Debbie Vesecky and they with other fifth graders will be eating beef stew, bread and butter made by the students, pie and milk.

Contractors File Suit Over Park Work

A taxpayer's suit has been filed against the City of Anaheim by the California Landscape and Irrigation Council, Inc., which contends that the city's proposed landscape and irrigation work on Rio Vista Park is a violation of existing force account statutes and laws.

CLIC, Inc., is a trade association of union-affiliated landscape and irrigation contractors who operate in the 13 counties of Southern California.

The Rio Vista Park is a 12.8-acre park site located adjacent to the Rio Vista School, on the east side of Rio Vista Street. The school is part of the Placentia Unified School District. Estimated cost of the landscape and irrigation work is around $35,000.

The legal action taken by CLIC, Inc., is part of a program launched by the Irrigation Industry Promotion Fund to prevent cities and public agencies from illegally carrying out landscape and irrigation construction projects with their own forces.

Such work is called "force account work," since it is undertaken by a public agency's own forces on an internal account basis, without letting the project out to bid, and without utilizing private contractors.

According to Martin B. Greenbaum, the attorney for CLIC, Inc., there is a comprehensive body of statuatory requirements which govern public agencies on the amount of money they can spend on force account work.

"In general, the law requires competitive bidding on public works projects when the expenditure required exceeds $5,000," said Greenbaum.

The first phase of the construction work on the Rio Vista Park was let out to bid by the City of Anaheim, and the contract was awarded to the Jacco Construction Co., Garden Grove.

This phase involved site clearing, grubbing, excavation, and the construction of curbs, sidewalks, access ramps, driveway approaches, steps, retaining walls, and other appurtenances at a cost of $69,000. Funding was arranged through the State of California.

The landscape and irrigation work was not let out to bid, however, and it is the contention of CLIC, Inc., that the city proposes to undertake the work with its own personnel and equipment from the Parks, Recreation, and Arts Department.

"This is a violation of Sections 37900 through 37909 of the California Government Code, along with Section 1211 of the city's own charter," said Greenbaum. (Section 1211 of the city charter governs expenditures over $2,500.)

"The purpose of this requirement is to assure that the taxpayer is securing proper, professional performance of work at the lowest available price," Greenbaum said.

Meanwhile, a spokesman for CLIC, Inc., stated that the landscape and irrigation industries have been hard-hit by the recession and the building slump. He said that force account work by cities and other public agencies contributes greatly to the present unemployment problem, which is up to 30% among construction workers in Orange County.

In addition, most contractors oppose force account work because they feel it adversely affects the entire system of free enterprise by denying the contractor his right under law to bid public projects.

A trial-setting date has been scheduled for June 4. At that time, the presiding judge will meet with the attorneys for CLIC, Inc., and the City of Anaheim to set a date for the trial.

Three Named To Summer Posts

Three administrative interns have been assigned to vacant summer school principalships in the Placentia Unified School District.

Heading elementary summer schools will be Dennis Hakeman at Wagner, Anna (Pat) Irot at Rio Vista and Evelyn Swanson at Sierra Vista. All three have been in the school district's administrative intern program as a preparation to assuming administrative duties.

Hakeman has been a lower and upper grade teacher at Wagner since 1968, serving as summer school intern principal last year, also. He holds his B.A. degree from General Beadle State College in South Dakota and his M.A. degree from the University of South Dakota.

Mrs. Irot has been a teacher at Rio Vista since 1969, and also served as intern principal there last year. She earned her B.S. degree from the University of Denver and her M.S. from California State University, Fullerton.

Mrs. Swanson joined the district in 1968 as a music teacher, moving to a fifth grade classroom at Sierra Vista in 1971. She holds her bachelor's degree in music education from Northwestern University and her master's degree from Cal State Fullerton.

The three will be in charge of planning and administrating summer school, which will be held in the district June 21-July 23.

School Merger On Burner

[Continued from Page 1]

when such relief would promote the need to immediately start a building program to accommodate an influx of students who wouldn't otherwise be here."

Dr. Yates: "It turns out that it costs the state $300 less to educate students in Placentia than in Fullerton and it wouldn't be long before they will have a high school problem anyway. There is another factor in that too. There is interest in that property by certain colleges in that area already, in the Troy property. And we already have students from that (the Yorba Linda) area attending our schools."

Superintendent Tynes: "I'm sure there is one other thing that the Fullerton District is looking at very seriously and that is if the Yorba Linda schools should leave their district, it would mean raising the taxes throughout the total of the rest of the district."

A previous request by PUSD trustees that the Yorba Linda district first make a formal petition to the Orange County Board of Education for annexation was dropped by PUSD on legal information that would take the Yorba Linda board out of the action, leaving the conversation then only between the Fullerton and Placentia districts.

Mrs. Pappas: "I have yet to hear anyone tell me what advantage it would be to this district. I think we have to think selfishly of what the annexation would mean to our district."

Balducci: "It doesn't necessarily have to be advantageous to us as long as it isn't disadvantageous, in my mind. If it costs the kids of Placentia educational opportunities I'll be against it. But it's not been demonstrated nor shown to me. Yorba Linda has a problem and I'd like to try to help them out. And if we can't reach an agreement we can't, but I don't think we've tried."

Sue Fenwick Named

Sue Fenwick, a 19-year-old elementary teaching major, is the president-elect of the Fullerton College Associated Students (AS).

A Placentia resident, she succeeds Dennis Keith Skiles, 20, La Habra, as head of the 20,000-plus students on the North Orange County Community College District campus.

Miss Fenwick, her executive board and nine-member at-large Senate assume their duties June 1. They will be installed during an AS Senate meeting that day by Dr. John W. Casey, Fullerton College president.

Miss Fenwick is the fifth woman to serve as AS president. The first, in 1916, was Grace Jones; while the last was in 1946, Joann Guss, now Mrs. Charles Schulz, Fullerton.

The 1,039 students who went to the polls also elected Doris L. Souther, Yorba Linda as a Senator-at-large.

President-elect Fenwick was among the five finalists in this month's Woman of the Year selection and a 1975 Woman of Distinction. She also was named this month along with President Skiles as co-winner of the Conrad Lang Award in recognition of outstanding work in the Student Senate.

Among her many responsibilities and accomplishments on and for Fullerton College have been those of senator, Reclamation Center director, community volunteer, Parking Fee Evaluation Committee and organizer of the Rape Awareness and Prevention Seminar.

Services Set For Orpha LaTour

Mrs. Orpha M. LaTour, a resident of Placentia for 13 years, died Tuesday at St. Jude's Hospital in Fullerton.

Services will be held at 1:30 p.m. Friday at the Church of Our Father at Forest Lawn, Cypress. Directions will be under the Forest Lawn Mortuary.

Mrs. LaTour is survived by her husband Edward LaTour and children Tammy and Barry. Also surviving is her father James Beavers, Sr. and brothers, James Beavers, Jr. and Donald Beavers and sisters Betty Pearman, Major Barbara Beavers and Arleta Biro.

Mrs. LaTour was active here in youth work.

Yorba Linda Position

[Continued from Page 1]

should do about annexation or unification.

"Placentia was looking for a firm affirmation on our position," Armstrong said, "and we appeared hesitant on how we stand."

The board president called for writing "a letter of intent or understanding" to outline the district's desires. He also expressed lukewarm feelings on an earlier suggestion of Trustee Shirley Guardia for a community survey on the matter.

"I want to know how the people feel but I don't think we can wait for such a survey to be made now," Armstrong declared. He also expressed negative feelings on hiring a consultant at this time to assist the board in reaching a decision.

Rost advocated a "middle of the road" compromise in relation to the Fullerton proposal. He asserted that "we must show them we are earnest about getting the annexation procedure going."

Rost reminded that "no program will result until we make our offer. I feel that we should negotiate or forget the matter. If we can't agree on a common ground we should withdraw," Rost said. He, too, was against the hiring of a consultant.

Trustee Rob Cromwell added the opinion that Yorba Linda "has to know where Placentia stands." Trustees Guardia and James Bremer were absent from the meeting, the latter coming in after the discussion had been held on this item.

In answer to a question from the audience Rost said that his "middle of the road" compromise was based on answering some of the FUHSD conditions.

He enumerated phasing pupils out of the FUHSD, distribution of personal property, fate of the high school site in Yorba Linda, distribution of assets and employment of personnel if the annexation occurs as points to be negotiated.

$6 Million City Budget

[Continued from Page 1]

Another document with a rough estimate of an 8 per cent raise for city police employees for each of the next two years, concerning another matter was recently presented to councilmen by the Placentia police department.

In the first section of the budget, written by City Administrator Edwin T. Powell, it is pointed out that more money will be spent for capital improvements this year. Such projects can be financed by the city's imposed utility tax.

Mentioned are the first phase of a new Corporation Yard, at $250,000; park acquisition and development, $280,000; Chapman Avenue widening, Murray to Kraemer, $550,000; Melrose Avenue widening, Crowther to Orangethorpe, $106,000; traffic signalization of $418,000; major street maintenance, $168,000; storm drain construction at $370,000 and a housing and community development block grant for development of the Atwood area of $63,069 from Orange County.

Dunnavant said that the utility tax is expected to increase about 5 per cent this year, even with the deletion of the tax on water, to roughly $475,523. His estimate on the city's assessed valuation is an increase of 15 per cent.

No tax increase is recommended for this year, nor is any reduction contemplated in the budget as in the past few years. The tax rate now stands at $1.22 per $100 of assessed valuation.

The city is seeking 135 employees altogether for the coming fiscal year, excluding fire, increasing the present number by four.

In the budget, Dunnavant estimates the city's $6,612,999 in revenues will be derived 20 per cent from property tax or $1,286,301; federal grants, 11 per cent for $704,438; other taxes (sales tax, business licenses, franchises, etc.) 17 per cent for $1,192,040; the utility tax, 7 per cent or $475,523; county grants, 5 per cent or $350,451; miscellaneous revenues, 8 per cent or $522,506 and state grants, 14 per cent for $947,961. The latter includes motor vehicle license fees, civil defense, alcoholic beverage fees, etc.

Another revenue listed is $8,000 from a state mandated bicycle licensing project. Dunnavant estimates that the city probably has 30,000 bicycles. Vehicle code fines are expected to produce an additional $88,000 over the fiscal year.

Also in the budget is an $130,000 item, reserv for payment of the Civic Center bonds at maturity. This was voted affirmatively by the last city council as funds to be held in reserve.

One item deleted from the budget was $4,000 for a new automobile for City Administrator Powell. Powell is given use of a city automobile in a 150 mile radius of the city, which can be used for personal business as well.

Letters To The Editor

Newfoundland Writes

Ms. Virginia L. Carpenter

Dear Ms. Carpenter:

Thank you very much for your informative letter of April 2, 1976. Ms. Betty Mead has indeed circulated my original letter to her, and the results have been beyond our expectations. Both Mr. Key and Mr. Michel have been very gracious to us. It is for us a most pleasant contact which we hope will continue into the future.

Our hope that Sara Jane McFadden originated from our Placentia seems to have faded in the face of reality. I know you agree, it would still be nice to discover her reasoning for suggesting the name.

We are presently very busy trying to organize a summer museum project, hopefully a beginning on a permanent structure. It is very difficult to finance any such endeavour - seems if we had the building we should have no difficulty. I think the approach is all wrong.

Your booklet "A Child's History of Placentia" is most interesting. We especially admire the clear, concise sentences, so necessary when writing for children. In fact we are hoping that during this present year we can compile a similar book for our Placentia, using historical highlights and keeping it simple so that the children may enjoy reading it.

We have not heard from Spain nor Italy. The earthquake may well interfere with any reply from Italy. I wonder if it will have any effect on the plan to send a group of children from your Placentia to Italy.

I have written a friend in Maine, a retired navy captain, who, I am sure, will do his best to get what information he can about the little island, Placentia. Should he come up with anything new, we shall be glad to pass it along. In fact, anything we can do in regard to historical data, it would be a pleasure to pass it along.

Yours very sincerely,
Katherine M. Murphy,
Secretary
The Placentia Area
Historical Society
Placentia, Newfoundland

School Merger Perplexing

Copy to COURIER
PLACENTIA UNIFIED SCHOOL DISTRICT
Dear Mr. Tynes,

A recent article in the Yorba Linda Star-Placentia Courier quoted a PUSD staff document discouraging PUSD trustees from considering a YLSD/PUSD Merger. Among the items stated in the document were:

"(7) SINCE THIS DISCUSSION HAS BEEN GOING ON WE HAVE FOUND NO ENTHUSIASTIC ACCEPTANCE OF THE IDEA FROM THE PATRONS OF EITHER PUSD OR THE YORBA LINDA SCHOOL DISTRICT."

It is my desire at this time, to comment on that statement! During the five-plus years in which we have resided in Yorba Linda, we have heard **steady** murmurs of the **possibility** of a merger of our small Yorba Linda School District with either Placentia or Fullerton, at some future date. I, for one, have attended far more meetings that I care to admit, and have come away feeling that my attendance was of absolutely NO use whatsoever!

"Perhaps, as I have stated many times in the past, this is a situation of both districts having CRIED WOLF more times than our residents want to hear!"

NO ONE CARES TO ATTEND A MEETING, TO HEAR OUR YORBA LINDA SCHOOL DISTRICT **DEFEATED** BEFORE IT'S EVER BEGUN TO FIGHT.

Perhaps a meeting that would bring out some POSITIVE aspects of a merger might interest more of the Placentia Yorba Linda people!!!

One need only to look as far as Youth Activities in our two communities (Little League, Scouting Groups, School-associated groups, 4H and Equestrian Groups) to see that these two communities DO CARE ABOUT THEIR YOUNG PEOPLE....AND, AFTER ALL THEY (our young people) ARE THE ONES TO BE MOST BENEFITED BY SUCH A MERGER!

I, for one, attempted to contact people, urging them to attend the last meeting at Valencia High School. The most common response was, "Do you HONESTLY think they'll tell us anything?"

Consider if you will, future growth of both school district boundries. Unless an agreement is reached, we will ALL face double-sessions (if not worse situations) in the next two to three years.

"UNITED WE STAND..... DIVIDED WE FALL"

I am willing to STAND-UP for what I believe in! And, I believe **that United** we can educate some of the finest young adults this great country has ever seen!

Charlene F. Holtz

Essay Winners

The Yorba Linda Bicentennial Community Celebration Essay Contest for Junior High Schools announced winners as:

Bernardo Yorba Junior High— Kristy Helm, first prize, title of her essay, "What the American Bicentennial Celebration means to me." Mark Tinkle, second prize, title of his essay, "What the American Bicentennial Celebration means to me."

Yorba Linda Junior High School—Carrie Machado, first prize, title of essay "200 Years of Freedom." Second prize went to Cathy Stark, title of her essay "Looking Back."

Lake Park Club of Yorba Linda were the sponsors of the essay contest. Anthony F. Polino was chairman of the project.

The judges all from Lake Park were; Muriel Sutton, Yorba Linda Bicentennial Senior Citizen, chairman; Robert C. Lambert, former district supervisor Language Arts, Delmar, New York; Beverly A. Hamlin, administrative secretary, City of La Mirada.

The award days are June 1, at 7:30 p.m. at Yorba Linda Junior High School and June 4, at 11:15 a.m. at Bernardo Yorba Junior High School. Bill Klingman, president of Lake Park Club will present the awards. The judges claim that the children who participated were to be commended for the effort they put in their essays. They expressed themselves with true patriotism.

JUDICIAL REFORM

Thomas A. Privette, candidate for judge of the North Orange County Municipal Court, will speak at 8 p.m., Thursday, May 27 at the home of Thomas Zener, 2941 Firethorne, Fullerton. The subject of Privette's talk will be "Judicial Reform and Its Impact on Society."

ESSAY WINNERS--This group of students represent the winners of the Bicentennial Essay Contest held at Fairmont School. Each is the winner from a different classroom.

Esperanza Grad Night

All committees and their members are hard at work now for Esperanza's Grad Night '76, announced co-chairman Barbara Scanlin. The second annual event will be held June 10 in the high school gym following Esperanza's graduation exercises.

Entertainment for the party goers will include two bands playing throughout the night, a featured magic performance, palm reading, a caricaturist and a handwriting analyst. in addition there will be a game room run by Vince and Jan Pachiano including bingo, pinball, pool tables, etc.

Community involvement is the name of the game again. Many local businesses have already contributed generously for door prizes and the dinner and the breakfast, but funds are still needed for a successful event.

Persons interested send to Dave Taft, 5331 Stonehedge Court, Y.L. 92686. Many hands are also needed. Starting June 1 at 7 p.m. work parties will be at Esperanza's gym.

Call Barbara Scanlin at 524-3302 for more specific information, or Barbara Haynes at 993-1245 for decorations workshops, or Ann Bailey at 524-5982 for poster painting.

Bridging Ceremony

Girl Scout troops of Fairmont Elementary School will participate in their annual Fly-up and Bridging Ceremony on Thursday evening May 27, at 7:15 p.m. at Bernardo Yorba Junior High School.

Parents and friends of the Girl Scouts are invited to attend to see 19 Mini Scouts walk-up to the Brownie level of Girl Scouts, 24 third grade Brownies fly-up to the Junior level and 18 sixth-grade Juniors bridge to Cadette level. Sixty-two other elementary age girls and several Cadettes who will remain with their present troop will assist. The ceremony is a type of graduation for girls who are ready to advance in Scouting.

Leaders of the 9 troops from Fairmont are as follow:

Mini Scout Troops #465 - Marilyn Haggard and Vickie Holman, #1519 - Linda Hombs and Connie Brenchley; Brownie Troops.

#1933 - Kardyne Rohde and Marilyn Haggard, #1943 - Linda Schichi and Shawn Van Doren, #1727 - Shauna Bell, #562 - Connie Isaac and Sharon Galiardi; Junior Troops #1958 - Ann Monroe.

#1546 - Jacquelyn Self and Marilyn Warehime, #834 - Nora Metcalfe and Judy Laxineta. Troop Organizer is Kardyne Rohde.

COMMISSIONER NEEDED

Mrs. Lee Van Gorden, chairman of the Placentia Planning Commission, requested from city council at a recent meeting that the council name a seventh commissioner. The commission on one occasion had to operate with four members present, she reported.

GOLDILOCKS—Vicky Martinez[Goldilocks] recites her lines in Spanish while participating in "Los Tres Osos" ["The Three Bears"], a play performed at Rio Vista Elementary School by the kindergarten class. Teacher Mrs. Sharon Katz directed the play.

BYU Graduates

Three residents of Yorba Linda and one from Placentia were among the more than 3,600 students who received diplomas at the Brigham Young University commencement recently.

From Yorba Linda Lorraine Cork Janeway received a bachelor's degree, Ronald Francis Lackey a doctor degree and Ronald E. Pearce his bachelor's degree.

A bachelor's degree was awarded to James Kevin Morris of Placentia.

Jazz Choir Competition

Ten high school jazz choirs including Valencia, Troy and Esperanza will compete in Golden West College's third annual festival of popular music, Friday, May 28, in the college theater.

The public is invited to the all-day event, which will run from 9 a.m. to 5 p.m. There is no admission charge.

The winning jazz choir selected by judges will be featured in a special 30-minute telecast over KOCE-TV (Channel 50), Orange County public television station on the Golden West campus, at a future date.

Jazz choirs and their directors include Esperanza, Dwain Miller; Troy, Lila Parrish; and Valencia, Marylou Dunn

Students Study Careers

Fourth, fifth and sixth graders at McFadden Elementary School in Placentia haven't spent their year dreaming about "what I want to be when I grow up," they've been doing some serious planning.

The results of their study and work will be displayed at their first annual Career Fair from 10 a.m. to 2 p.m. Wednesday, May 26. They have invited students from other schools in the Placentia Unified School District, their parents and interested members of the community to the event.

Displays have been prepared to illustrate 51 career areas, according to Principal David Heil. Students have worked with professionals in their areas of interest to plan exhibits and demonstrations.

Students will demonstrate career areas ranging from acting and airline pilot to child care, forest ranger, karate instructor, veterinarian and zoologist.

McFadden is one of the two schools in the district participating in a career education pilot program designed to help elementary age children become aware of the many career opportunities open to them.

"There are many ways we can accomplish this goal," Heil said. "We view career education as being supportive of the basic adademic program. Children must use basic skills in their study of careers and they see how necessary those skills are in pursuing any career field."

The public is invited to attend the Career Fair.

KARL ANDERSON, MANAGER

YOUR Pharmacist SPEAKS
By John Payne, Owner - Reg. Pharmacist
LINDA VISTA PHARMACY
Despite the old saying that "everbody loves a fat man", obesity is not a desirable condition. Excess weight poses a distinct menace to good health!
Obesity invites gall bladder trouble and high blood pressure. It increases susceptibility to a host of troubles such as diabetes, gout and arthritis, heart trouble and circulatory problems. Also, overweight persons are greater risks on the operating table as they don't take anesthetic as well as thinner types.
Incidentally, it won't take much weighty thought to realize why we're the preferred source of prescriptions for folks in the local area. Our service is fast, friendly and efficient.
HANDY HINT: Use an ordinary oil can to dispense a little paint thinner at a time without the bother of opening a big paint thinner container.

ADMIRATION for their own art is exhibited by children from the Yorba Linda Village Pre-School. Their art is on display at the District Library. The children are students of Ann McInnes and Ann Samuelson.

Emergency Booklets

The Placentia Office of Emergency Services has a limited supply of wallet size instructions, which are to be followed in the event of an earthquake.

In addition, a limited supply of booklets entitled "In Time of Emergency, A Citizen's Handbook on Disasters" is available. Instructions are both in English and Spanish.

All interested residents may pick up the above items at the City Hall, 401 E. Chapman Avenue.

Lecture On Ceramics

The Placentia Art Association will meet on May 27 at 7:30 p.m. at the Back's Community Building, 201 N. Bradford in Placentia.

Guest lecturer will be Martin Chodos, professor of ceramics at Rio Hondo College in Whittier, who will present a program of films and slides called, "The Potter in Contrast in Different Countries."

Chodos, a graduate of Alfred University in New York with a Master's degree from Columbia University, traveled for a year in foreign countries gathering material for this show which one Orange County art association voted its best program of the year.

The presentation is one of a series co-sponsored by the North Orange County Community College District and the Placentia Art Association and is free to the public. Registration cards may be signed at the meeting.

For further information please call membership chairman, Shirley Sleeper at 524-2553.

Privette Opposes Easy Sentences

At a recent meeting of the Fullerton Senior Citizens group, Thomas A. Privette, candidate for judge of the Municipal Court, stressed his concern for a judicial system that allows habitual and dangerous criminals to be put back on the streets.

"Courts must develop speedier methods of bringing cases to trial and proper penalties must be imposed for serious crime. Only then will we begin to win the fight against crime and corruption," Privette said.

Privette pointed to his successful ten-year record as an Orange County Deputy District Attorney and Prosecutor as qualifying him to sit on the Municipal Court bench.

BIKE TRAILS

A petition for Orange County funds to build bikeways in the city of Placentia, was extended for a year by a vote of the city council, until streets for the major bikeway paths are completed. The funds will be sought at a later date. Arterials for bikeways not completely widened or developed include Chapman Avenue, Kraemer Boulevard and Orangethorpe Avenue.

FINALIST--Melody Voelker, El Dorado High School gymnast, was a winner in the floor exercises at the girls' CIF preliminary competition held at Cal Poly Pomona last Thursday. Competing also was El Dorado student Torrie Hoffman. At Royal High School, Troy students Robin Taback competed on the uneven bars and Torri Miller in vaulting. Voelker was the only one of the area girls to qualify for finals where she did not place.

Bill Boyd Receives Honors

Bill Boyd, son of Mr. and Mrs. Robert Boyd of Placentia, has been honored by the Half Century Club of the University of Southern California with its Student Athlete Award for 1976.

Boyd made tremendous accomplishments in his high school basketball career. At USC, he played on the varsity team for three years, earning three varsity letters.

A senior majoring in public relations, he also has served the university as president of the Kenneth Owler Smith chapter of the Public Relations Student Society of America.

Boyd plans to graduate from USC in January 1977 with a masters degree in public relations.

Boyd also was chosen last week as one of eight new members of the USC chapter of Blue Key, a national honor fraternity which recognizes leadership and academic achievement.

Boyd's father is USC head basketball coach Bob Boyd. The Boyd family lives in Placentia.

COMING OVER—El Dorado's Jim Hunt, fourth from the left, won the 120 high hurdles with a 14.4 second run in CIF finals Saturday night. He also finished first in the low hurdles and anchored the mile relay which placed third. The Hawks tied for third in CIF and qualified Hunt, the relay, and frosh-soph high jumper Brian Rosenthal for state prelims Friday at Cerritos.

PARKS USED

Jerry Reed, chairman of the Placentia Recreation and Parks Commission, reported at a recent joint meeting of the city council and all members of commissions, that most of the city's recreational lands are now being used to capacity.

TOO MUCH TOGETHERNESS

Mayor George De Jesus last week, told city council members and members of city commissions: "One of my pet peeves, is that the word unanimity is constantly bandied about..What I am concerned about as a resident, taxpayer and an official of this city, is that we have unanimity of purpose. But if you have an idea that is contrary to everybody else's, you owe an obligation to yourself and the people you represent, to offer that information if for nothing else but the agitation of thought."

Pop Warner Board

The Pop Warner Football board of directors will meet on Thursday, June 3 at 8 p.m. at Perry's Pizza, 1336 S. Euclid, Fullerton. All directors are urged to attend.

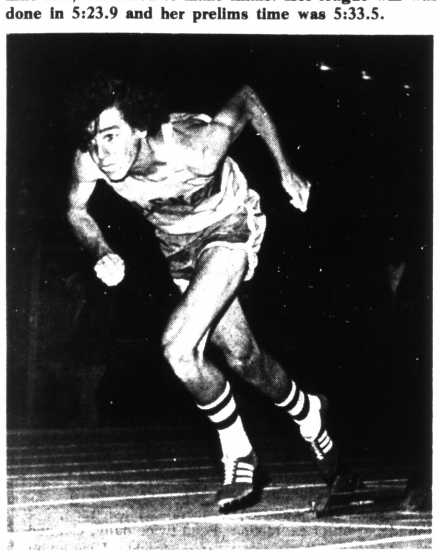
SPORTS

RUNNING STRONG—Valencia's Judy Schroeder [front center] won Orange league and a berth in CIF prelims in the mile run, but failed to make finals. Her league win was done in 5:23.9 and her prelims time was 5:33.5.



OUT OF THE BLOCKS—Randy Castner ran a 52.0 for 6th in the CIF frosh-soph 440 Saturday. The young man showed his versatility by placing 4th in the long jump with a jump of 20 ft. 10¾ in.

SPECIAL CONTESTANTS--Peter John Adams [left] qualifies in swimming for the Special Olympics and Thomas Johnson in bowling. They attend Kraemer Junior High School.

Hawks Caught In CIF Net

By BRIAN HILDERBRAND

After taking a four-and-one-half hour bus ride to Brawley High School, El Dorado's tennis team suffered a 16¼-11¾ defeat to the Desert Valley second place team.

The loss ended the Hawks' season with a 19-4 record. El Dorado won the coveted Orange League crown with a record of 13-1.

ED picked up eight points in singles, and only three and three-fourths points in doubles. Tim Kilker, number one singles for the Hawks, won all four of his sets, and the doubles team of Paul Howes-Tracy Pierson won two of their four sets.

Kilker beat Ruben Valles, Andy Leptich, Armando Vargas, and Carlos Frando by scores of 6-3, 6-0, 6-2, and 6-1, respectively. Kilker ended his season with a 91-1 record, and will graduate this year.

Blake von Sprecken won two of his four sets by beating Valles and Frando by scores of 6-4 and 6-3. He lost to Leptich and Vargas 4-6 and 5-7. von Sprecken is a junior, and will return to the team next year.

Rob Gourley played number three singles and won only one set, against Frando, 6-2. He lost his other three sets: 1-6, 0-6, and 2-6. Gourley is a sophomore.

Steve McAllen, fourth singles, also won only one set, beating Frando 6-2. McAllen lost to Valles (4-6), Leptich (2-6), and Vargas (2-6). McAllen is also a sophomore.

Brett Bittel and Chris Buck, both seniors, failed to win a set in doubles, but did manage to tie one. They lost to the team of Alfred Felix-Alex Martinez, 1-6, 3-6, and tied with the team of Doug Tom-Andy Dagnino 7-7, but lost the final set, 1-6.

Howes-Pierson split with Felix-Martinez, 6-3, 3-6, and Tom-Dagnino 6-8, 6-4. Howes is a graduating senior, but Pierson is a sophomore.

SINGLES

Kilker def. Valles 6-3, def. Leptich 6-0, def. Vargas 6-2, def. Frando 6-1.

von Sprecken def. Valles 6-4, lost to Leptich 4-6, lost to Vargas 5-7, def. Frando 6-3.

Gourley lost to Valles 1-6, lost to Leptich 2-6, lost to Vargas 0-6, def. Frando 6-2.

McAllen lost to Valles 4-6, lost to Leptich 2-6, lost to Vargas 2-6, def. Frando 6-2.

DOUBLES

Bittel-Buck lost to Felix-Martinez 1-6, 3-6; tied with Tom-Dagnino 7-7; lost to Tom-Dagnino 1-6.

Howes-Pierson split with Felix-Martinez 6-3, 3-6; split with Tom-Dagnino 6-8, 6-4.

WINNING THE HEAT—Esperanza's Terry Nash anchored their mile relay which won its heat handily in the CIF prelims, but had a tougher race in finals Saturday, finishing 5th.

Placentia Batting Standings

Boys in the Placentia Little League Senior Minors, batting .300 or higher are listed below.

CLOSE FINISH—Troy's Christie Davenport appears first to the line but was actually third in the 220 yd. dash at CIF prelims Thursday, with a time of 26.3. She made finals in the 80 low hurdles and placed 4th with 11.0. Teammate Vicki Almeida ran 5th in the 100 yd dash in prelims, but made finals and finished 4th in long jump with a jump of 17 feet ¾ inches. Both girls are from Yorba Linda and qualified for the state qualifying meet Friday at Cerritos.

EYE OPENERS

BY Bob Frankeny

Keep a few wide rubber bands around large bottles for a good grip, so the children -- and you! -- won't drop them.

• •

Use safety pins to hold socks together during washing. Saves frustration when you try to match them up.

• •

A child's play broom, with its short handle, is great for sweeping stairways and cleaning out the car.

• •

Save a piece of candle wax to rub on zippers that won't zip smoothly. Soap works almost as well.

• •

Getting ready to do a big paint job? Pull on an old pair of socks over your shoes.

• •

Students Qualify For Olympics

Six students from the Placentia Unified School District will participate in Special Olympics state competition June 25-27 at UCLA.

Four students from Golden Elementary School qualified in local meets to participate in track and field events at the state contest, according to Jane Hall, adaptive physical education teacher who coaches the students. They are Regina Hovey, Lisa Kirkwood, Chris McClusky and Darren Peterson.

Kraemer Junior High qualifiers are Peter John Adams in swimming and Tommy Johnson in bowling. Adams won two gold medals last year at the state meet. Gayla Newmeister is the adaptive physical education teacher at Kraemer.

Special Olympics is a program for mentally retarded children sponsored nationally by the Joseph P. Kennedy Jr. Foundation.

David Lake of Yorba Linda was the recipient of an MS degree in Life Sciences at the May 9 commencement exercises held at Indiana State University.

COMMUNITY CALENDAR - If your club has regular or special events to be included in the calendar please call Marianne Hodgkins at 524-2426.

Sorority Convention

"Heritage '76" is the theme of the 36th California State Convention of Beta Sigma Phi to be held in Anaheim May 28, 29, and 30, at the Anaheim Convention Center.

Orange Coast California Council is the hostessing council with Mrs. Earl Thomas as the general chairman and Mrs. Doris Martin as the co-chairman.

A highlight of the convention will be the presentation of donations totalling an estimated $65,00 by the seven state area council to support cystic fibrosis and kidney research.

According to Mrs. Linda Newhall of San Bernardino, Southern California Council, with its 190 chapters, will donate approximately $10,000.

Judy Frost Is Honored

Judy Frost, daughter of Mr. and Mrs. Thomas J. Frost, 160 Lilac Lane was honored by the International Order of Job's Daughters Bethel 176, Brea, at a lovely formal reception.

The reception for the former Bethel Queen was held at the Masonic Lodge.

Miss Frost was selected Grand Representative to the State of Utah last year and went to Salt Lake to attend Utah's Grand Rally April 30, May 1 and May 2.

Judy is a Brea-Olinda High School Graduate and is now a student at Whittier College.

NSA Officers

Valencia Chapter, National Secretaries Association, Int'l, announces new officers for the term beginning June 1:

Mrs. M. Lucille Murphy, CPS, of Whittier, president; Mrs. Betty Wisley, CPS, of La Mirada, president-elect; Mrs. Nance Van Meter, CPS, of Yorba Linda, first vice president; Miss Alfa McCue, CPS, of Fullerton, second vice president; Mrs. Eleanor Hays of Fullerton, corresponding secretary; Miss Patricia Westhoff of Whittier, recording secretary; and Mrs. Dorothy Francis of La Mirada, treasurer and "Secretary of the Year."

Watercolors In Show

Bonnie Morehouse, Yorba Linda artist, is exhibiting her paintings at the Placentia Library Meeting Room as Artist of the Month.

The program is sponsored by the Placentia Junior Round Table in conjunction with the library.

Mrs. Morehouse, perhaps best known for her watercolors, also works in oils and acrylics. She attended the University of Vienna, Austria and is a graduate of UCLA. She has continued her studies with artists in New England and in California.

Her paintings often reflect a particular fondness for familiar themes of children, local and historic sites and the vanishing rural scene.

Mrs. Morehouse is a member of the Society of Western Artists and an associate of The American Watercolor Society. She has taught at San Jose City College and has exhibited in local and national competitions. Her paintings embellish private collections both in the United States and in Europe, the organization reports.

Delta Gamma Phi

A red, white and blue bicentennial theme provided the setting for a candlelight ceremony held at the Anaheim home of Mrs. Bonnie Lambourne, May 10, to install the 1976-1977 Executive Board of Delta Gamma Phi chapter of Beta Sigma Phi.

Sorority members of the new board include President—Mrs. Judy Keele of Anaheim, Vice President—Mrs. Janet Wright of Brea, Recording Secretary—Mrs. Nana Tullock of Anaheim, Treasurer— Mrs. Mary Pat DesRoche of Anaheim, Corresponding Secretary—Mrs. Diana Hobbs of Yorba Linda, Parliamentarian—Mrs. Bobbie Peterson of Brea, and Council Representative—Mrs. Bonnie Lambourne of Anaheim.

The annual installation program included the announcement of the "Miss Congeniality" award which is voted to the member or members who have shown exceptional concern for chapter sisters, helpfulness, friendliness and dedication to the members of Delta Gamma Phi. This year's recipients were Mrs. Bobbie Peterson of Brea, Mrs. Nan Jones of Fullerton and Mrs. Nana Tullock of Anaheim.

Also included in the evening ceremonies were secret sister revelation and gift exchange. A special thank you was given to the chapter advisor, Miss Grace Reilly of Anaheim.

Concluding the program was the presentation of the scrapbook illustrating the events and achievements of the chapter over the past year. Accepting the scrapbook from this historian, Mrs. Nan Jones, was Mrs. Bobbie Peterson, the retiring president.

Barbara Reed Chosen

Barbara Reed, Placentia, has been reelected for a fourth term on the We TIP (Turn In Pushers) Board of Directors and for a third term as treasurer.

Mrs. Reed has served for two years as the Regional Chairman of Placentia and has been a Zone Coordinator in Orange County for the past two years.

Mrs. Reed who is also currently president of the Placentia Junior Round Table, served two years as Orange District of Junior Woman's Clubs Mental Health Chairman. She is active in many community service projects and was Awarded We Tip's "Community Service award" at their state convention last month.

Mrs. Reed is the Mother of two small sons ahd wife of Howard Reed, a Placentia businessman. She started working in We Tip in 1972 and was We Tip "Woman of the Year" 1973-1974.

CONGRATULATIONS were in order last week at the Senior Citizens Club House for a double celebration. Mr. and Mrs. Frank [Marie] Terry [on the left], celebrated their 50th wedding anniversary and Mr. and Mrs. Walter [Virginia] Gabel, their 46th. The entire club celebrated with a special program, flowers, cake and ice cream. Gabel is former president of the club.

Camp Fire Needlework Tea

The fourth annual Camp Fire Needlework Tea for District C was held on May 4, at the Placentia Presbyterian Church.

Over 400 girls from Anaheim, Brea, Fullerton, La Habra, Placentia, and Yorba Linda made and donated items of clothing which were presented to the Needlework Guild of America for their work in helping families faced with personal disasters such as fires.

Needlework items on display included baby layettes, quilts, toddler outfits, placemats and napkins, and stuffed animals. Girls also helped tie larger quilts that were started at Camp Fire's birthday celebration in March.

The quilts were donated by Anna Davidson, a Brea Leader. Supervising the quilt typing was a Ki A Ni Wa Ka Horizon-Discovery Group from Yorba Linda, Peggy Almanzar, advisor.

Awards for girls who have participated in the Needlework Guild for five years were presented by Mrs. Barbara Phoenix of the Guild. Those receiving their five year pin included Stacey Allison, Dianne Bowen, Breanda Brewbaker, Debbie Chambers, Cindy Couturier, Pamela Davis, Yvette Rojas, Wendy Smith, and Juli Tobey, all of Fullerton.

Co-Chairmen for the event were Alice Neilson and Carol Carruth, both from Placentia. The Ish Ko Da Discovery Club of La Habra, Cindy Earnshaw, advisor, served the cakes.

Punch and coffee was served by the Ah Ki Wahn Dah Discovery Club of Placentia, Becky Mirko, advisor, Registration was handled by the Shle Tanda Adventurers from Fullerton, Mabel Davis, guardian.

Flowers were provided by Rosanne Ferrari and Becky Mirko of Placentia. Cakes were donated by Placentia leaders Carol Carruth, Alice Neilson, Pauline Hall, Pam Hofer, Becky Mirko, Gloria Ray and Linda Roller. Jean Knight, Anaheim, and Mabel Davis, Fullerton, also donated cakes.

ART, CRAFT AND STITCHES of members of the Placentia Round Table were on display at a recent meeting before they were submitted for judging in county competition. Among items selected by the membership were the three above shown by their creators. Left to right they are Mrs. Alfred Fernald with a crewel Presidential Seal; Mrs. Sutton Parks with an old fashioned satin quilt and Mrs. Clem Howell, a hand loomed rug.

Alan Aguirre Honored With Grad Party

Parents of Alan Aguirre, Mr. and Mrs. Alfred Aguirre, will host friends and relatives at a special graduation dinner in honor of their son at the Aguirre home Saturday, May 29.

The festivities will follow the graduation of Alan Aguirre from California State University at Fullerton with a bachelors degree in Afro-Ethnic Studies.

The commencement ceremonies are scheduled for 5 p.m., Saturday, west of the Music-Speech-Drama Building.

The dinner will be served at 8 p.m.

"Peggy's Pointers"

In our society, we repeatedly hear the question: "I know that we will probably be transferred to another area in a few years, so I want to decorate my house so it will sell when I put it on the market."

This is a crucial point and one where we decorators can help.

Any house which looks good on the exterior and is well-kept will sell better than one which is not, but on the interior, the first sales point is the carpet. A fatal mistake is to carpet every room in a different color or texture. The areas which are visible from the entry or main hallway should all flow into each other. The prospective home buyer will feel that the house is more spacious, and the colors will flow from room to room.

It is also good to pick a carpet which is of a good quality with a sturdy but luxurious "feel" to the pad under it. Color is important, too - try to choose a color which is basic enough to go with more than one color scheme. Neutrals and naturals are very popular today, and rightly so, because they blend well with many colors. Be sure to discuss color with your decorator before purchassing, as they know which colors sell best.

Peggy

SOCIETY

TRAVELERS
Jerry and Nan Keating and family toured Mexico City and surrounding points of interest during Easter vacation...**Placentia Presbyterian News.**

JUNIOR ROUND TABLE CARNIVAL will be held this weekend across the street from K-MART in Fullerton. The public is invited. Here Sue and Steve Vaughan and Curt and Susan Weber prepare for the big event.

M. Lumley Honored

America's legendary Betty Crocker has decided senior Marguerite Lumley fits the recipe for an aspiring homemaker and has named the Valencia High student 1975-76 Family Leader of Tomorrow.

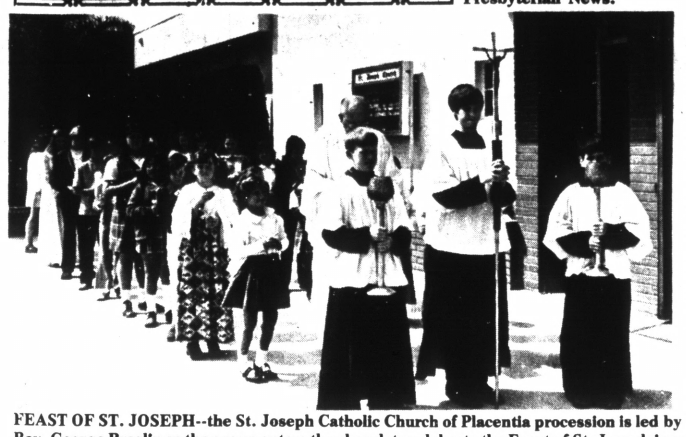
The decision was based on the results of a written test covering all areas of homemaking such as budgeting, child behavior, menus and interior decorating.

Recipient of a General Mills certificate, the senior is also eligible for state scholarships after which she would be entitled to an expense paid educational tour of Washington D.C. and possible national scholarships.

With a long range goal to own and manage a fabric store Marguerite will pursue her interests in home economics.

Religion

AWARDED
A 100-hour award pin was recently presented to Lois Cook for her volunteer service with the St. Jude Hospital Guild...**Placentia Presbyterian News.**



FEAST OF ST. JOSEPH--the St. Joseph Catholic Church of Placentia procession is led by Rev. George Breslin as the group enters the church to celebrate the Feast of St. Joseph in a special Eucharistic event. After Mass, the priests, faculty and school chairmen received scrolls of appreciation.

Dueker At Convention

Present at the 30th Convention of the Southern California District of The Lutheran Church, Missouri Synod, assembled in Anaheim, were three generations of one family: grandfather, Ernest Dueker, Delegate-Alternate; son-in-law, Ronald Sutton, Delegate, both of Good Sheperd Lutheran Church of YUCCA Valley, and grandson Dennis Dueker, Youth Representative from St. Luke's Lutheran Church of Mesa, Arizona.

Dennis Dueker, the eighteen year old son of Leonard and Barbara Dueker, former Yorba Linda residents, is a member of the June, 1976 graduating class of Mesa Union High School. His father is senior vice-president of Leisure World, Mesa.

Bykoski-Jenkins

Miss Carol A. Jenkins, daughter of Mrs. Melvira Jenkins of Orange and Mr. Jenkins of Placentia wed Charles C. Bykoski Jr. son of Mr. and Mrs. Charles Bykoski of Fullerton, Saturday, May 15 at the Cameo Wedding Chapel in Anaheim.

Rev. Ralph Smith officiated at the double ring ceremony and the bride was given in marriage by her father. Sharon Uhlick was the soloist.

The bride wore a long gown of Chantilly lace with v-neck, long puffed sleeves and a ruffle around the hem. Her cap style veil had a floor length train and she carried a bouquet of white carnations and roses. She wore her mother's pearl necklace.

Mrs. Doug Starr of Orange was matron of honor and Mrs. John Carbone, sister of the bride from Irvine, was bridesmaid.

Mrs. Charles Bykoski Jr.

DR. SAMUEL SUTHERLAND

Dr. Samuel H. Sutherland, Past President of Biola College, will speak Sunday, May 30, at the First Baptist Church, at the morning worship service. Dr. Sutherland has chosen for his theme, "The Seven Foundation Facts of Our Faith."

Since retirement in 1970, Dr. Sutherland has remained active in civic affairs in La Mirada. He currently serves as President of the Lockman Foundation which publishes and distributes the New American Standard Version of the Bible.

Thanks to Bart and Linda Bartolome for their donation of several boxes of food for the Deacon's Pantry.....**Placentia Presbyterian News.**

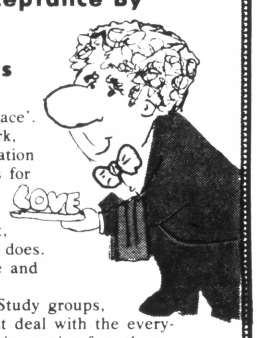
Love And Acceptance By A People Called Friends



Everyone needs a 'place'. Our families, our work, our school, our recreation should provide places for us to feel loved and accepted. Sometimes they don't. There is a place that does. You can feel at home and identify with others in worship, in Bible Study groups, in various classes that deal with the everyday problems of life, in service for others. Find your place with us.

Sunday
Worship (9:45 a.m.) Family Life Celebration (6 p.m.) Sunday School - all ages (8:30 & 11 a.m.) Caring groups and Bible Studies meet through the week all over the community.

THE ANNUAL POLICE BANQUET this year was the scene of a number of awards and presentations. Among those honored and special guests shown above are Lt. Jim Corrigan, Distinguished Expert Shooter; Brooks Van Houten, Non-Sworn Employee of the Year; Sgt. Art Hartzell, Co-Police Officer of the Year; Police Chief Norman Traub; Robin Rodarte, Reserve Officer of the Year; Pat Thrasher, Co-Police Officer of the Year; Edwin T. Powell, City Administrator; Randy Worrell, Expert Marksman and George De Jesus, Mayor of Placentia.

Police Awards Presented

Numerous awards were presented by the Placentia Police Association when it hosted its annual awards banquet at the Dal Rae Restaurant in Fullerton.

Among awards were: Police Officers of the Year, - Sgt. Art Hartzell and Patrolman Pat Thrasher. These awards were presented by Chief Norm Traub, who stated: "The Officers of the Year were selected by a vote of their fellow officers to receive this most coveted award. Both Hartzell and Thrasher each got three times the number of votes as any of the other candidates, hence both received the award."

Sgt. Art Hartzell joined the department in November, 1970. He is 32 years of age, married to Kathi, and is the father of three children. Art was promoted to his present rank in March of 1975 and is assigned as relief Watch Commander in the Patrol Division. He is a dedicated and personable officer who is well liked by all. He is a real asset to the department, as he "gets the job done" and encourages his men to do their best.

Officer Patrick Thrasher joined the department in March, 1974. He is 25 years of age and is married to Gail. The couple have no children. Pat has a Bachelor of Science Degree in Public Administration from Cal State Los Angeles. His job knowledge and application to duty are especially commendable. His fellow officers respect his judgment and often look to him for leadership.

Reserve Office of the Year - Robin Rodarte. Robin became a police reserve officer in October of 1974, at the age of 18 years. He is a graduate of Valencia High School and is currently attending Cal State Fullerton. Before becoming a reserve officer, he was a police explorer and attained the rank of lieutenant in Post 910. Robin is admired for his dedication to duty and the skill and enthusiasm with which he goes about his duties. The award was presented by Mayor George De Jesus.

Non-Sworn Employee of the Year - Brooks Van Houten. Brooks was employed by the city in September, 1972. He originally worked in the purchasing department, and transferred to the police department in May, 1974, as a "Police Services Aide." Before taking employment with Placentia, he was a marketing manager with North American Rockwell for 21 years. He is married to Pat, and is the father of two children. According to Chief Norm Traub, he was one of the main reasons that the transition to the new police building was as orderly and systematical as could be expected. Currently he is engaged in perfecting a computerized records system for the department. He was a runaway winner in the election for Non-Sworn Employee of the Year. This award was presented by City Administrator Edwin T. Powell.

Thursday evening, June 3, 1976, the Placentia Junior Round Table and Placentia Community Free Clinic will hold a pap smear clinic at the Whitten Community Center, 900 S. Melrose Ave., Placentia, from 7 to 10 p.m.

Appointments may be made by calling 993-8178 between 9 a.m. and 5 p.m. or Barbara Voorheis, Jr. Health Chairman, at 996-3125 between 5 p.m. and 7 p.m.

The purpose of the health night is to give Placentia residents, 16 years and older, who cannot afford to see a physician, an opportunity to obtain a pap smear and breast examination free of charge in effort to screen for cancer.

PUSD Briefs—

Linda Luisi and Jeri Reed, juniors at Valencia High School in Placentia, have been honored as outstanding chemistry students by the Orange County American Chemical Society.

Both students were high scorers at Valencia on the examination sponsored annually by the society, according to teacher Gene Baker. They will be among the honorees at the annual Students Awards Dinner Thursday, May 20, and will receive a scroll and a subscription to Chemistry magazine.

Medallions At Banks

Placentia Bicentennial Medallions will now be available at local banks and Savings and Loan Institutions, according to Doris Black, Bicentennial Committee Treasurer.

The bronze medallion which sells for $3 depicts our Nation's 200th birthday on one side and Placentia's 50th birthday on the other.

The following commercial outlets now offer the medallion: Bank of America (Town Center), United California Bank (Yorba Linda Center), Valencia Bank, Century Savings and Loan (Town Center), Fullerton Savings and Loan (Yorba Linda Center), Security Pacific Bank (Crossroads) and Touch of the Seasons (Town Center).

Revenues from the sales of these medallions will be used to defray the expenses of Bicentennial activities to be held during 1976.

Robert Jones Real Estate Associate

Robert H. Jones, 37 previously president and owner, for two years, of Fountain Head Construction Company of Placentia, has joined the Anaheim office of Industrial Brokers, as a real estate associate, it has been announced by Jim Rountree, president of the firm.

Jones, a resident of Placentia with his wife, Roslie, and two daughters, obtained his Doctor of Pharmacy degree from U.S.C.

YLLL Aux Craft Fair

The Yorba Linda Little League Women's Auxiliary will be making final plans for a Craft Fair to be held, June 5th and 6th, on the Senior Major Field, at the Little League Complex.

The time scheduled for this event is 11 a.m. till 4 p.m. on Saturday, June 5th and 12 noon till 4 p.m. on Sunday, June 6th.

Included in the exhibits will be ceramics, patchwork, crochet, oils, plants, macrame, and handbags. All exhibitors will be donating 10% of their proceeds to the Little League.

CRAFT FAIR—Jewell Libby, left, shows Pat DeJesse and son Jeff, how to do macrame as she prepares item to be sold at the Yorba Linda Little League Auxiliary's event to be held June 5 and 6 at the league complex.

CALLED OUT AT HOME—Todd Peterson was called out of home trying to score after tagging up after a fly ball. The Hawks won the game 4 to 3 to stay in CIF. Their next game is Wednesday afternoon, at 4 p.m. at Quigley Field in the City of Commerce.

Hawks Swing Into Semifinals

By BRIAN HILDERBRAND

El Dorado's baseball team, by defeating Channel Islands 4-3 at Cal State Fullerton, has advanced to the CIF 2A semi-finals against Bell Gardens today (Wednesday). The game will be played at Quigley Park in the City of Commerce.

The Hawks scored three runs in the fifth inning, to take a 3-2 lead, and added the winning run in the sixth on a double by Dan Petry.

Channel Islands got on the board in the top of the third inning with two runs. With Mark Doi and Larry Lee on first and second, respectively, Jeff Hershey hit a grounder to second-baseman Todd Peterson. Peterson tripped while throwing to shortstop Jack Ayer, and the ball went into left field, scoring Doi from second. Lee scored shortly after on a double steal.

El Dorado came back with three in the bottom of the fifth on three hits to take a 3-2 advantage. Petry and Jim Hayek walked to start things going. Eric Morrison came in and ran for Petry, and scored on a double to left off the bat of Ron Grace. Hayek then scored on Pat Vizenor's single, and Kevin Irot singled in Grace.

The Hawks came back for one more run in the sixth. Ayer hit a one-out single, and took third on Peterson's one-bagger. Petry stepped up and hit a double to center, scoring Ayer for the winning run.

The Raiders battled for one more run in the top of the seventh after John Gilliam reached first on a dropped fly ball. Petry then walked third baseman Augie Avila. Dennis Brown hit into a double play while Gilliam took third. Relief-pitcher Goug Jardine singled in Gilliam to close the gap at 4-3, but Ralph Valenzuela popped out to first to end the game.

Petry pitched another gem, his second for the playoffs. He walked only one, and struck out five, while giving up five hits.

The winner of the ED-Bell Gardens game will face the victor of the Mira Costa-Coachella Valley contest.

Girls Swim Results

Several record setting times were clocked in the Orange League Girls Swim Championships held recently at Esperanza High. Sonora was the varsity league titlist and El Dorado took the JV crown.

Several of the swimmers in that meet will be entered in the CIF Finals on Friday, May 28 at East Los Angeles College.

Winners by event, school and time with an * denoting a record time were:

JV 200 medley relay, ED, 2:22.0*; varsity 200 medley relay, B, 2:03.6*; JV 100 free, L Nakata, ED, 1:08.5*; varsity 200 free, K. Greaney, S, 2:12.4.

JV 100 ind. medley, L. Moore, ED, 1:19.6*; varsity 200 ind. medley, K. Chesire, S, 2:26.2*; JV 50 free, K. Riscol, B, 31.2; varsity 50 free, C. Hiner, B, 26.0*.

JV 50 butterfly, C. Kurchin, ED, 34.0*; varsity 100 fly, M. Rogers, B, 1:06.5; JV diving, D. Cosand, S, 74.60*; varsity diving, K. Kreiger, V, 201.75*.

Varsity 100 free, C. Hiner, B, 57.4*; varsity 500 free, F. O'Neil, ED, 5:58.7*; JV 50 back, S. Miller, ED, 36.3; varsity 100 back, K. Osterstrom, ED, 1:07.0*.

JV 50 breast, K. Riscol, B, 38.8*; varsity 100 breast, T. Louderback, ED, 1:19.2*; JV 200 free relay, ED, 2:06.2*; varsity 400 free realy, S, 4:08.0*.

Schools Key: ED-El Dorado, B-Brea, S-Sonora, V-Valencia.

CIF qualifiers were: El Dorado - K. Osterstrom, 100 back; varsity 200 medley relay. Valencia - K. Kreiger, diver; Sonora - S. Kersch, 50 free; Brea - C. Hiner, 50 free and 100 free; varsity 200 medley relay.

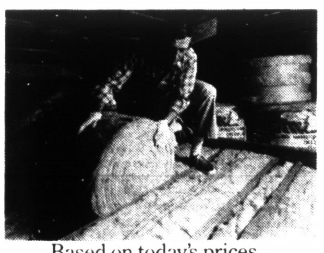
Edison has over 80 conservation tips. Here's #19.

CUT YOUR COOLING COST UP TO 40%.

Insulate your attic.

If your attic isn't properly insulated, you could be wasting money. Lots of money. Why? Because on hot days your attic is a storehouse of heat. This heat passes through your ceiling and into your rooms. Result: your air conditioning has to work longer and harder. And you end up paying the bill.

By insulating, or increasing the amount of insulation now in your attic, you may reduce your cooling costs as much as 40%—year after year. Your heating costs will also drop.



Based on today's prices, insulating an attic in a typical house runs between $200 and $300. And what better place to invest your money than in your own home?

Check with an insulation contractor or dealer today. **Free conservation booklet.** Conserving energy is still vital to our nation. Insulating your attic is one way to help. For many other ways to conserve energy, write for our free booklet, "Conservation," Edison, P.O. Box 800, Rosemead, CA 91770.

timber to meet building needs can be assured

The average housing unit in the U. S. consumes 13,000 board feet of timber. Given our current rate of development, the question is raised, "Are we running out of trees needed to supply our home building and remodeling industry?"

No, say foresters responsible for managing the country's forests.

The U. S. still has 70 percent of the forests it had when Columbus discovered the New World, more than enough to meet current and future needs. This is true even though we will have to harvest trees at twice the present rate by the year 2000 to meet people's demands for wood and paper products.

The answer to meeting these increased demands lies not in increasing our forest lands, but in improving management of the forests we have.

For example, forests owned by the forest products industry are managed intensively so that they now produce timber at twice the rate of forests owned by government and private individuals. The forest products industry owns 9 percent of the nation's forest base but this land produces 26 percent of the raw material.

Although 32 percent more wood is grown in the U. S. each year than is cut, foresters warn that we will have to grow more wood, faster, on the same land base in the future to meet the public's needs. They estimate we could triple timber production from present lands, and improve the health of the forests at the same time, by using improved management methods.

Intensified forest management includes planting, feeding, cultivating, insect control and harvesting to achieve maximum production from our existing land base. If we do this, foresters say, we can produce all the timber we need for building and remodeling, and have our forests, too.

SPECIAL SECTION

open up and let the sunshine in

DELIGHTFUL PLACE to get breakfast, or whatever. The homemaker turned a dark, cramped spot into something wide-open and wonderful, removing a wall and running the kitchen and tiny garden room together. The floor covering, new "Friendship Quilt" by Lees carpets, is as functional as it is beautiful.

Tired of getting breakfast in a dark cramped space, the homemaker opened it up, removing a wall and running the kitchen and a tiny garden room together. Glass doors open to a terrace bordered in periwinkle, azalea, and mock orange.

To the rear, the kitchen and dining areas flow into a family room that's used every day by all members of the family. It also sees a lot of action during parties.

The most important decorative element in the room is also one of the most functional. That's the floor covering, new "Friendship Quilt" by Lees Carpets. This is a colorful printed carpet designed especially for kitchens, family rooms, and all the hard-use areas of the home. Pile yarns are tough, abrasion-resistant Antron II nylon, a fiber that is best known for its soil-hiding performance in heavy-duty commercial carpets. Dirt tracked in from the terrace disappears in the vacuum without a trace.

Homemakers who work in carpeted kitchens like the quiet and the comfort underfoot. They also report a safety factor; dropped-glass containers don't break . . . they bounce.

"Friendship Quilt" is dyed in six combinations of color, including the mix of red, white, and blue with cordovan and black seen on display. The carpet has a dense foam back and contains a conductive element that virtually eliminates generation of static electricity. The carpet costs about nine dollars a square yard.

Other design notes in the kitchen include a copper hood over the range, a butcher block cutting-board in the foreground, simple black bentwood chairs, and see-through canisters for beans, pasta, and rice, etc. beside the range. Cabinets are painted pale blue, matching the lighter of the two blues in the carpet.

expansion enables home to grow along with family

One of the best "moves" a homeowner with a growing family can make is to look into the possibility of expansion before putting a "for sale" sign out on his front lawn.

Take a typical home with a covered carport and side entrance. Converting the carport into a year-round room gives the owner the extra room he needs. Moving the entrance to the front of the home and installing quality, ventilating windows adds immeasurably to the over-all appearance of the house.

Placing a dramatic, casement angle bay window in the wall of the new room opens it to broad views and provides light. The casements, which can be opened at the turn of a crank, also provide top-to-bottom ventilation.

Additional ventilation is achieved by replacing the old sliding windows in the front of the house with awning windows.

Operating windows such as casement and awning units also eliminate dependence on air conditioning when the outside temperature is comfortable.

Quality windows such as Perma-Shield units manufactured by Andersen Corporation of Bayport, Minn., however, offer more besides views and ventilation.

In many homes, considerable heat loss may occur through and around windows and doors. The combination of wood — a natural insulator — double-pane insulating glass and factory - applied weatherstripping reduces heat loss, which is passed on to the homeowner in the form of lower fuel bills.

Exterior surfaces on Andersen Perma-Shield window and gliding door units are encased in tough rigid vinyl, which protects the wood core sash and frame and assures snug closure. Insulating glass, standard in Perma-Shield windows, also does away with the task of putting up and taking down storm sash. And cleaning time is cut in half since there are only two glass surfaces to wash instead of four.

The homeowner winds up not only with more living space, but with up-to - date, low - maintenance windows that improve the curb appeal of his home, while reducing the cost of heating and air conditioning.

Shoppers Lean On Newspapers

New York—(HK)—Householders are relying more on newspaper ads as inflation squeezes their budgets, says the trade publication Newsprint Facts. Pennywatching consumers now put greater reliance on price and item advertising, consulting the newspaper before they go shopping, it was said.

Screens Hide Faulty Walls, Lend Oriental Feeling to Dining Area

If your decorating problem is cracked walls or flaky plaster, a versatile screen could be your easiest solution. Highly decorative, as well as practical, they can be used in a variety of ways, advises the interior designer at Stanley, one of our noted furniture makers.

In a dining-room, for example, a combination of both screens and panels covered in fabric impart a charming Oriental atmosphere, while hiding the irregularities so often found in the walls of old homes and apartment buildings.

If your dining-room furniture is one of the new fashionable color finishes, such as the Ming yellow of the furniture in the accompanying photograph, the fabric should be selected to compliment its delicate coloring. A bold Chinese pattern of blue dragons on a red background dramatizes the subtle hue of these servers and chairs.

Wood screen frames, over which to tack the fabric, can be purchased in standard sizes from one of the large department store chains. The panels can be made with canvas stretchers available from an art store in varying sizes to cover any wall flaw.

PAINTING "DOS AND DON'TS"

DON'T paint when the temperature is below 50°. Paint doesn't flow easily at low temperatures. DO use good paint. It flows easily and smoothly, costs less in the long run because you save time and labor. DON'T try to paint outside when it's foggy or damp — paint won't last on wet surfaces. DO test paint for dryness before applying a second coat. DON'T paint over paint that has cracked or peeled. DO use good brushes and supply yourself with the many aids available . . . they'll make the job go a lot faster.

those window replacements should get a closer look

There's a big difference in windows and the materials they are made of, just as there's a big difference in how they look and perform.

While it may cost more to install precision-made, quality-built wood windows, any savings from buying less-expensive units are likely to disappear up the chimney because of higher fuel bills.

That's why remodeling to conserve energy is becoming just as important as modernizing to improve a home's looks. Not only do the right windows enhance a home's appearance, but they add to a family's comfort and convenience and help to conserve energy.

Selecting the correct units means wood windows with insulating glass. Wood is a poor conductor, which means it doesn't transfer heat and cold easily. Metal without a specific thermal barrier does. In other words, wood is a natural insulator.

The insulating properties of wood windows combined with insulating glass —two panes of glass with an insulating air space between—substantially reduce both heat loss and condensation.

Factory-applied weatherstripping assures snug closure and limits heat-robbing air infiltration. Remodeling that results in a snug, well-insulated house means a homeowner can achieve an adequate comfort level with lower fuel consumption. Adequate insulation combined with wood windows equipped with insulating glass not only diminishes heat loss in winter but also keeps heat gain at a minimum in summer.

The insulating glass in wood windows eliminates the need for storm sash and thus does away with the problem of storing storm sash. Window-washing time is also cut in half, since there are only two glass surfaces to clean with insulating glass instead of the four with ordinary windows and storm sash.

Because they are available in a wide range of styles and sizes at local building supplies dealers, wood windows with insulating glass make any remodeling job easier. And they are chemically treated to guard against weather abuse and wear.

REMODELING TO CONSERVE ENERGY need not result in dullness. This modernization, including the wood casement windows with insulating glass, helps to conserve energy while adding to the family's comfort and improving the home's appearance.

A PAINTING TIP:

If you're planning to paint some rooms over in your home, be sure and make a note of the brand name and specific colors you will be using. Later on, if touch-ups are needed, you'll be sure to get the right shade.

child's room on a budget

An increasing number of families are coping with cramped quarters by redecorating their present homes around space-saving tricks.

Cost-saving ideas are also a major remodeling consideration with the inflationary price and scarcity of skilled labor. So when a young, budget-minded couple opted to enliven their son's tiny bedroom, they decided to tackle the project on a do-it-yourself basis. They started this week-end project from the floor up, with economical adhesive-backed tile in a ginger-color pattern called Casablanca (less than $25.00 for this small room).

Easy to install, GAF Sure-Stik adhesive-backed tiles covered the old wooden floor in less than half a day. The one-step brightening effect was professionally completed by nailing doorway saddles and ¼" round molding around room edge.

Colorful pumpkin-striped sheets stapled to walls emphasize the dramatic height of the oddly-shaped room while injecting a splash of bright color.

While Mom sews up lamp shade covers with leftover sheets, the handyman of the house has built fun bunkbeds. Clothes and toys store underneath in built - in draws. Topped by an upper bunk reached by a ladder with footholes repeating floor tile motif, bunks take full advantage of space provided by the high ceiling.

Painted bright yellow, the furniture-in-the-raw work desk and snappy twin bunks complement the rugged, boyish decor scheme. (Many a girl would like it, too.) All materials are washable, wipe-cleanable, durable and economical — a child-proof bedroom on a budget.

SAVE YOUR WALLS . . .

from plaster cracks when driving in nails, by making an "x" with cellophane tape where nail will go.

Electronic Comfort for Cold Clime

The only thing better than a fur-lined toilet seat in the Far North is a heated one, and a Department of Highways in the far north ordered an electrically warmed seat for engineers assigned to its main office.

Believed the only one of its kind in the area, the electronic "honeybucket" cost less than $500. The district engineer told the local newspaper he wanted to plan a grand opening when the rare device was installed.

uncover "new" carpet for only pennies

If you've forgotten how great your carpet looked when it was installed — the colors vibrant and the nap plush and soft — it's time to do some "undercover work."

Hiding beneath a heavy cloak of color - dulling film, stubborn grease and ground-in dirt is the carpet you'd like to see again. But it is suffering from those perennial wall-to-wall blahs.

Do-it-yourself shampooing is the solution. And with today's effective home cleaning products, you can do a top-flight job in record time for only pennies a square foot — quite a bargain today for a redecorating face-lift.

Before beginning, vacuum the entire carpet, move the furniture out of the way, and pretest the carpet for color fastness by shampooing a small, inconspicuous area.

As you shampoo, work in three-feet sections, moving the machine back and forth and criss-crossing the area until it is covered with a light layer of lather. The liquid shampoo will generate a rich foam, dry to a crystalline powder and requires no rinsing. Take care not to soak the carpet, and allow it to dry thoroughly. Then vacuum to pick up the shampoo crystals and loosened soil and to fluff the pile. Slight residues of shampoo which remain in the fibers help to retard soiling.

Because the beauty of carpet is more than surface deep, Bissell recommends regular shampooing, two to three times a year depending on traffic, as essential to preventing imbedded dirt and gritty buildup from causing wear and tear on the fibers. In between shampooings, treat spots

HOME SECURITY CHECK LIST

Cancel all home deliveries.

Arrange to have yard cared for.

Notify trusted neighbors.

Lock up all ladders and tools.

Set light-timing devices.

Double check locks on all doors and windows.

Leave key with neighbor.

Notify your local police division.

Unless you normally do so, do not close draperies and shutters.

If going for a short time, leave a radio playing.

redecorate with pretty sheets!

When looking for decorating ideas, don't overlook the possibilities that today's attractive, wider sheets offer. There are many ways you can beautify your bedroom with a little imagination and your favorite print sheeting.

If you fancy a canopy bed, use sheets to curtain the rods, in the same pretty pattern that's on your bed. Curtains, and even walls can also match-up to your bedsheets for a very charming effect.

With so many lovely sheets to choose from now, ranging from delicate florals to bold abstracts, you can create your own special look easily and economically.

revolutionary cooking method

Microwave cooking is fast-becoming recognized and accepted as a major trend in food preparation.

Long used in restaurants and on airplanes to prepare and warm foods quickly and easily, microwave ovens are now finding their rightful place in the home. This is due in part to the increasing use of convenience foods and pre-prepared meals by today's homemakers. Several food manufacturers have even recognized this trend by putting microwave cooking instructions on their food packages.

Microwave cooking systems are available today as countertop or built-in ovens and in combination with full size ranges. Among the most versatile of these are the General Electric Versatronic oven system ranges. These unusual ranges can cook with either microwave energy or conventional heat, or can cook simultaneously for speed and desired browning in the main oven.

'NEED MORE STORAGE SPACE? IDEAS!

Young homemakers quickly learn that happiness is enough storage space. Whether you're starting married life in an apartment or in a small home, there is rarely enough space for all your belongings.

Fortunately, one of the easiest things to build is shelves. Drawers are more complicated. You may want to incorporate small chests and cupboards from the nearest unfinished furniture store into your decorating plans. Lumber plus imagination is all you need for any decorating scheme. Line shelves with prepasted wallpaper to match the room, or paint in brilliant assorted enamels for a "pop" touch.

Here are a few ideas about where to find additional storage space. If you're really overcrowded and every inch of drawer space counts, look over your furniture. See any end-tables perched on four legs, with empty air underneath? Replace them with small chests, and you gain drawer space good for storing games, cards, photos, cigarettes.

Is your coffee table a bench, by chance? Replace it with a blanket chest. For the same amount of floor space, you acquire several square feet of storage for bulky items. If there's a bench at the foot of your bed, put another chest there or a wicker hamper. The latter makes a great portable linen closet, allowing air to circulate inside and keep linens fresh and dry.

If you have a fireplace but no place to store the logs, build a combination bench and wood box for the entryway. A high-backed bench with seat hinged to lift gives you plenty of room for logs and kindling. Build one for the front entry, and another for the back. The second one makes super storage for galoshes and raingear, ski boots, skates and sports equipment not in use.

The beauty of all these storage ideas is that they're easy on the budget, an important consideration for all homemakers today. For a busy day of working around the house, start off with an instant breakfast mixed with fresh whole milk. Carnation Instant Breakfast is quick and nutritious, fits every cupboard!

Home Furniture Invites. . .

Step back in time--back to the days of Louis XV and Queen Victoria.

This is Home Furniture's invitation to you.

See a complete selection of fine French and Victorian furniture displayed in elegant settings for your enjoyment.

to consult or not to consult

When the housewife makes up her mind to redecorate, she is often faced with the big question: should I get a professional decorator to do the job or should I do it all myself? The answer depends on the kind of person she is. Many women are unsure about color schemes and feel they lack imagination. Such a housewife would definitely profit from consulting an interior decorator. Other women have very definite ideas about how they want their home to look and don't want someone else's tastes "imposed" on them. Most of us however, are somewhere in between . . . with a pretty good notion of the kind of atmosphere we want in our homes and an appreciation of the expert advice that a decorator can offer.

Actually, a good decorator never imposes his or her taste on the homeowner — rather, the decorator's job is to translate your tastes and life style into an attractive, comfortable, and practical setting for you and your family.

Many women who would love to use the services of a decorator, hesitate to do so because of the cost. If you're on a budget, why not check into the decorating services offered by the large stores in your town? Many of these stores have a trained consultant on staff to advise you on decorating problems at no charge.

If your budget allows for an independent decorator, ask to see samples or illustrations of his or her work, before making a commitment. When you find a decorator whose work pleases you, be frank regarding your finances, your needs, and your wishes.

Happy decorating!

ENERGY SAVER: Caulking helps keep a house weather-tight, keeps heated or cooled indoor air from leaking out, so saves energy. Another energy saver: new paintable caulk by Elmer's: made of acrylic latex, it stays effective for years.

Inflation-Proof Tips On Buying Furniture

Today's economy - conscious homemaker, surrounded with vast furnishing choices, looks for professional advice to make up her mind when buying furniture.

To help resolve furnishing dilemmas, yet speed home redecorating this spring, furniture stylists at Babcock Phillips Co., have compiled a list of five tips for a good furniture buy. Each of the ideas keeps inflation from needlessly short - changing decorating dollars. The experts say:

1) Select easy-care furnishings that you can clean yourself. Carefree vinyls or other washable fabrics endure seasons of family activity and require little upkeep.

2) Choose furniture that can be built-up. For example, some modular styles allow you to "add-on" pieces as your budget permits. One unit makes a chair, two a loveseat and three, a sofa.

Modulars, which are staging a timely comeback, allow the do-it-herself homemaker to vary the look of a room by self-styling her own room schemes. A never - out - of - fashion style, modular furnishings conform to the shape of a room.

3) Made-to-move furniture is another inflation-proof investment. Durable, long-lasting additions that move easily from house to house and room to room are a perfect accompaniment for today's go-anywhere lifestyles. Hassocks on casters, for example, scoot from living room to den. Other ready - made movables are stack pillows and cushioned poufs.

4) Buy dual-purpose furniture that returns the investment two ways. For instance, a low-profile coffee table with handy seats tucked underneath not only serves up snacks or dinner but adds valuable seating to a space-pressed room.

5) Add color through furnishings, advise the Babcock Phillips stylists. An alternative to paint and paper remodeling, are colorful bright and bold furnishings which "paint" their environment. Color, which brightens and highlights, is an inexpensive way to give a room fresh zip.

Due to inflation's pinch, homemakers who once considered vast structural changes to the premises are settling for a few dollar-sound furnishing investments instead. The furnishing pieces they are putting in their homes are staying put – and happily so – for years to come.

Windows will come clean faster and stay clean longer if you moisten your lint-free cloth with glycerine; dry them with wadded newspaper.

Raydra Announces

Raydra Interiors of Anaheim announced this week that they have signed an agreement with Richard B. Smith Company, builders of Broadmoor Homes.

The 1 1/2 year old firm will be the design consultants to the prestigious building firm and will be responsible for all accessorizing and revamps on their models. Broadmoor Homes are known for their quality construction and architectural excellence.

Raydra Interiors is owned and operated by Ray and Peggy Dracoules. Peggy, an interior designer is a design consultant for Hunt-Wesson Foods, Inc. of Fullerton where she has completed design work for executive offices, and has advised on other projects for the firm. She, and her assistants, Shelle Brainerd, staff designer, and Martha Seal, assistant, have also completed numerous residential design projects in the surrounding communities. The Anaheim firm is also working on a smaller model home project in Palm Springs.

Ray Dracoules acts as business manager for the firm, and is also employed as an executive for a large California distributorship.

Redecorate the Easy Way, with Paint & Brush

"It's amazing what a little paint can do!"

It's true . . . nothing can effect a change so quickly and inexpensively as a fresh coat of paint. So if you like to redecorate but are limited as to funds, pick up your paint brush and give your home a new look.

The trick to redecorating with paint, say experts, is the creative use of colors. Don't paint that tired-looking breakfast nook in the same neutral shade it is now — a bright, sunny color can do wonders to liven it up.

Don't be afraid to use different colors than you've been accustomed to — if you're unsure as to which colors harmonize with others, get a color wheel from your local art supplies store for guidance.

Colors can be divided into two groups, warm tones and cool ones. Colors containing red are warm ones, while colors with blue are cool. The judicious use of colors can create the desired effect for any room.

Bedrooms benefit from a restful atmosphere, for instance, which can be obtained with cool colors such as blue or green, while kitchens, the hub of family activity, may need warm shades such as a sunny yellow.

Use colors to reflect your personality or the type of atmosphere you prefer. If you don't have any strong preference in choosing the color of a room, get a little inspiration by choosing a painting or a piece of fabric that you especially like.

Duplicate the colors of your painting or sample in the same proportions, applying them to walls, furniture, accents. You'll be sure to get a color scheme you like, in this manner.

remodeling jobs, cost little

Coffee tables with white drink-rings and drab kitchen and bathroom counter tops can be a problem for any style-conscious homemaker. Now, you can solve these and other home decorating dilemmas with new, inexpensive patterned ceramic tiles. Decorated with decals using a unique automated process developed by The Meyercord Co., the tiles can be used to achieve a new look where designer elegance coupled with wipe-clean, mar-proof convenience if desired.

Available in Early American, Spanish and Contemporary styles to suit any taste, the hand-painted-look tiles are perfect for adding simple but striking remodeling touches. They can be used to frame a dining room mirror or starkly white bathtube or to border a kitchen splashboard or living room mantelpiece.

Used for total wall coverage, they offer an inexpensive way of giving bathroom and kitchen areas the new drama of "ceramic wallpaper." The tile designs will also add excitement to reception areas and hallways and to recreation rooms and children's play areas, where ease in cleaning is important.

Best of all in these budget-minded days, the decorated tiles cost only 40 to 70 cents each, depending on the design — one-third to one-half less than hand-painted imports. The decal-decorated designs now on the market are manufactured by Oxford Tile Company.

New Lighting Does Wonders For Bathroom

The most neglected room as far as efficient lighting is concerned is the bathroom. Even in new houses or condominiums, a tiny fixture over the medicine cabinet is expected to provide sufficient lighting for a close shave or a glamourous make-up, points out the Interior Decorating Consultant at Progress Lighting.

In order to give shadowless light, a bathroom mirror should have a lighting fixture on either side and one in the ceiling above the head to illuminate all of the face equally, she advises. The latest type of lighting on the market is Track Lighting and it is ideal for this purpose, because it is not stationary like other fixtures. It can be moved along its track on the ceiling and swiveled around to focus wherever necessary.

The tracks come in two lengths — four or eight feet, and can be joined or crossed or placed in a "T" or "L". The lights themselves come in various shapes and sizes. New for the home are the "mini" sizes, which are only 2¼" to 3½" in diameter. What's more, each light on the track can be switched on and off individually.

PAINT GETS IN YOUR EYES?

Painting the ceiling is not one of the world's delights. Whether you're using a roller or brush, chances are you'll get a bit splattered. So, when using a brush, stick the brush handle through a large paper cup to catch the drip, and protect your coiffure with a rain hat or shower cap. If eyes get irritated and fatigued, pick them up in 60 seconds with an application of decongestant eye drops.

IT'S UP, UP, AND AWAY WITH TODAY'S EXCITING NEW CARPETING IDEAS

Contemporary carpets are moving up, up, and away from the floor.

They're scaling the walls, clinging to ceilings, lining banquettes and seating platforms and providing comfortable conversation pits.

Homemakers from coast to coast have found all-over carpeting to be a distinctive device. It not only adds warmth, textural excitement and continuity to a room, but conveys a feeling of plush, sensuous comfort.

Experts from the Eureka Home Care Institute queried some major carpet manufacturers and spokesmen about the new directions in contemporary home carpeting.

Designers from Monsanto say that all-over carpeting — depending upon its color, texture, size and design — can lend a spacious feeling to a small room and make a large room seem cozier. It also gives a "maximized effect to a room with a minimum of furnishings."

The possibilities are "almost unlimited" for all-over carpeting's use, says Allen Sale of the Carpet and Rug Institute (CRI). Carpeting can camouflage a problem wall, complement an unusual corner or dramatically shape an artistic wall graphic.

Wall carpeting in a solid color makes "a good hanging surface, useful for display of paintings and photographs," says Ian McMeekin, a Burlington House designer.

Not only is all-over carpeting aesthetically pleasing, but it's practical, too, McMeekin says. For example, you can create a comfortable seating area and an extra bed by building a banquette or platform from plywood or fiberboard. Upholster it with a thick strip of plush carpet that flows across the floor, then climbs up the banquette or platform.

Voila! You've created a multi-purpose room that can be used for family television viewing, a teenage "clubhouse," a guest bedroom and a toddler's playroom — without investing in expensive furniture.

If you're looking for an ideal sound buffer or an excellent insulating device, you can't go wrong with carpeting, adds Allen Sale of CRI.

Carpeting absorbs noise and softens sound. It also keeps heat and air conditioning in. Surveys indicate that you can save from 11 to 14 percent on your heating and cooling bills by splurging on all-over carpeting.

Should you move, or get tired of your carpeted wall, ceiling or banquette, simply cut it up into area rugs.

Maintenance is simple, too. When your vacuum comes out for its normal chores, it can be used for all surrounding carpeted areas, say Eureka experts. Wall carpeting won't need vacuuming more than once a month, they add, since little, if any, dirt gets ground into it.

When cleaning, use an upright or Power Team vacuum with above-the-floor tool assembly or upholstery tool, or your canister's carpet cleaning tool to reach carpeted walls or ceilings. Use the crevice tool for corners.

DO-IT-YOURSELF PIANO PIZZAZZ

A plaid piano?

Why not! With a little imagination, the ambitious do-it-yourselfer can turn the time-honored vehicle of musical self-expression into a bold, individual statement as part of the home's decor.

To create the plaid effect over a painted or stained cabinet, start by finding the exact center of each horizontal plane. Then divide the piano into equal sections sufficient to make a big, bold plaid. Apply masking tape in vertical strips, alternating them about 2" and ½" apart; then paint or stain between them. Let dry completely and repeat procedure to make horizontal stripes. Bench can be painted or stained to match.

LIGHTWEIGHT CHAIN SAW EASES HOME-YARD JOBS AND HOBBIES

Any homeowner knows that home and yard maintenance is a never-ending series of projects which can be costly in terms of time and money.

Experienced home fixer-uppers know it is important to group their projects on a seasonal basis for the most efficient results. And they know that having the right tools will save both time and money.

The efficient home handyman will get his early spring chores out of the way before those first warm days when the lure of a sweet smelling golf course or sparkling trout stream becomes overwhelming.

The owner of a lightweight chain saw can follow a simple checklist of early spring cleanup jobs that will give him plenty of free time for recreation later on.

It's a sure bet that trees and shrubs will need some attention after winter's storms are past and before new growth begins. This is the best time of the year for pruning and for checking for limbs which may have been damaged by heavy winter snows or winds.
